

ROTORUA A&P SHOW:

The show was well attended by Brown Swiss and their Breeders. Thank you all for making it a very attractive showing of the Brown Swiss cattle. The Brown Swiss had the highest number of cattle attending.

We tried a new classing this season and with some further fine tuning it will work, Thus allowing $\frac{1}{2}$ to $\frac{3}{4}$ Bred Brown Swiss to compete, helping to increase our numbers in the show ring. These animals can only inter into classes set up for them within the Breed classes they cannot go in the All Breeds section of the show nor can they take Champion or Revere Champion any age group for the Brown Swiss, this will be part of the fine tuning for next season. We will endeavor to have a Champion class for the age groups in the young Breeders section. $\frac{1}{2}$ to $\frac{3}{4}$ Bred Brown Swiss
